ANIMAL HEALTH WAUPACA COUNTY FAIR ANIMAL HEALTH RULES AND REGULATIONS SUMMARY

If a fair or livestock exhibition lasts more than 24 hours the sponsors shall appoint a licensed Veterinarian to conduct a daily inspection of all livestock at the fair or exhibition. The Veterinarian shall review all records and test results required under ATCP 10.87. If a fair or exhibition lasts less than 24 hours, all records or test results required by ATCP 10.87 shall be reviewed by a licensed Veterinarian or by the show chairperson. Records shall include exhibitors name and address, identification of animals exhibited including number, type and description, documentation to show compliance with disease testing and other health requirements, and the livestock premises code, if any, of the premises from which the animals originate.

This is a summary of DATCP animal health requirements for fairs and exhibition only. It is always advisable to check with the **Wisconsin Division of Animal Health** website for current import requirements when planning to exhibit animals from outside the state of Wisconsin

<http://datcp.wi.gov/animals/animalmovement/index.aspx> You may also call (608-224-4874) for the import requirements. **Animals meeting exhibition requirements may not meet all import or movement requirements for other purposes**

The fair and WDATCP have the right to make such tests and examinations as may be necessary to determine the disease status of any animal exhibited and to exclude or remove any animal afflicted with or suspected of being afflicted with a contagious or infectious disease. If at any time any animal shows evidence of a contagious or infectious disease, it shall be immediately removed from the exhibit and slaughtered or quarantined as directed by the Department.

■ CATTLE AND BISON —
